

# Auto Park RF Reversing Aid

## COMPONENTS

R.F. (Radio Frequency)  
Transmitter with Mounting Bracket.

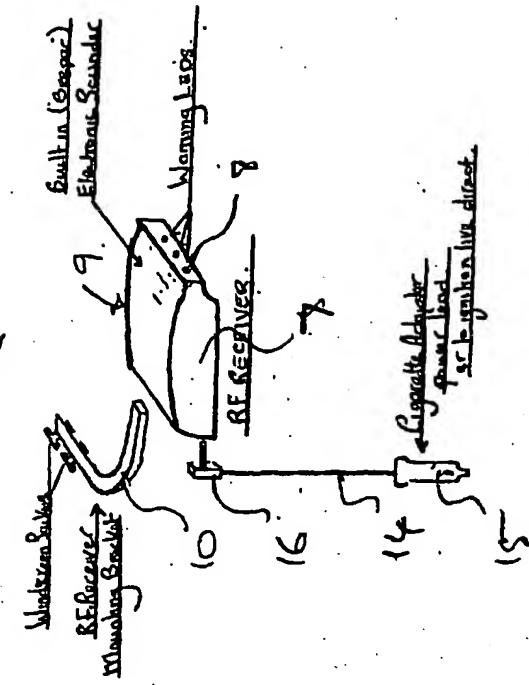

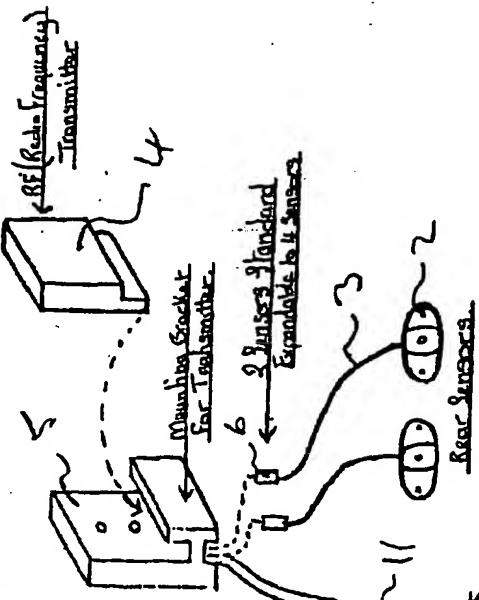

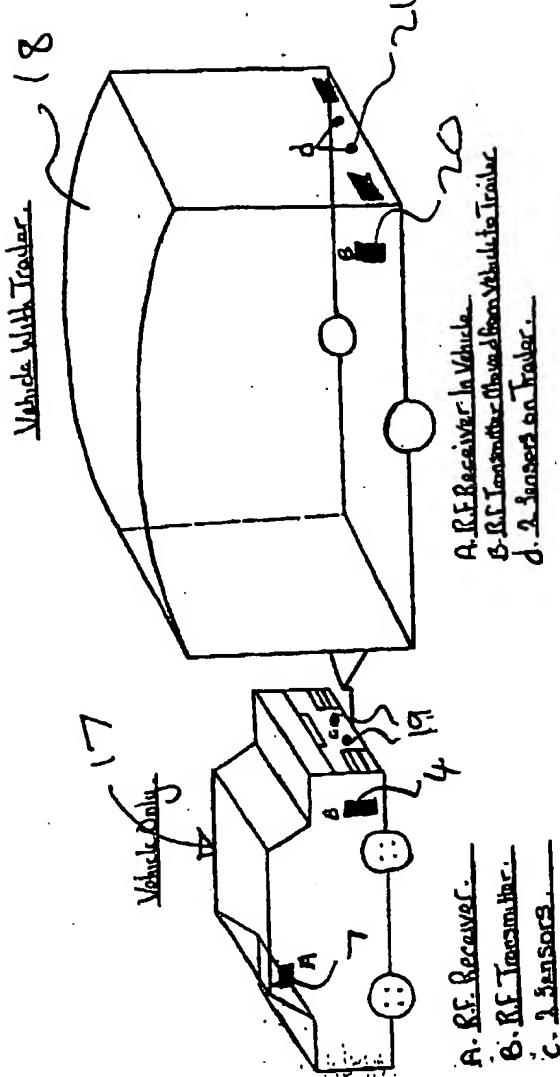

FIG. 1

12 Connect to 12/24 volt Power Light Wire.  
13 Black Wire Connect to chassis.

## Application Of Auto Park R.F. Reversing Aid.

Without a trailer connected, C detects objects at the rear of the vehicle. B then transmits a signal to the receiver.  
With a trailer connected, move B to the trailer from the vehicle and now detect objects and transmit a signal from the trailer to the receiver in the vehicle.
